Remediation Response Sites

Search Criteria: **Site ID** » BRRR

Result Set: 1 site(s)

Data Description:

This report is a list of remediation response site records found in the search area from the Site Response and Federal Superfund Sections, Remediation Division, Montana DEQ. The report has links to a more detailed report for each record.

The data available from this site does not represent all of DEQ's data. Data on this site is summary information for a few selected programs and resides in databases located with the Remediation Division of the DEQ. This data should be used for planning purposes only. Geographic location accuracy of all sites presented here should be verified by the user. Data on this site is typically uploaded from DEQ to NRIS once per week (every Friday night). More detailed, hardcopy information and reports are available from the DEQ and PTRCB libraries and may be viewed and obtained during regular business hours.
